COMPETENCIES

Programming
Frontend
Backend
Full Stack
Systems Administration
Network Administration
Object-Oriented Programming

CHARACTERISTICS

Detail oriented
Pragmatic

PROGRAMMING

Go
CSS | Tailwind
Javascript | React
Python | Django
Git | Azure Devops
SQL

IT

Linux
Apache | NGINX
Docker | LXC
Network | PfSense | Unifi
Raspberry Pi
Arduino

POSITION

Board of Photography Club
(Autumn 2023 - Winter 2023)

INTERESTS

Photography
Music & Sound Design

LANGUAGE

Norwegian | Native
English | Very good/Bilingual

OTHER

Driver's license

SUMMARY.

I am dedicated to *programming* and *IT*. Driven by programming for almost a decade, I have been doing IT even longer. I am motivated by projects with new and exciting technologies, and thrive when I am challenged to learn something new.
I have an eye for detail and aesthetics, and I can contribute with thoughtful design and execution of both software and user interfaces.

WORK EXPERIENCE

JUNIOR DEVELOPER | IT.no
2023 June - 2024 February
Build internal tools, scripts for IT/Network, and the Support department. Design and implementation of websites for business customers (Django).
I learned a lot at this startup, much of it beyond what was required of my tasks. I now feel very confident in my profession after my employment there.

OTHER EXPERIENCE

Fullstack Webapp | github.com/eilefsen/dotify
2024 January - d.d
Music app (streaming) built from scratch with React, Mobx, and Go; with MySQL database. You may use the app here: dotify.eilefsen.net

IT Admin and Programming | Volunteering for Chateau Neuf's "EDB-Team"
2023 May - d.d
Maintenance and administration of servers, websites, networks at Chateau Neuf (UiO) in connection with Det Norske Studentersamfund (DNS) and related associations.
One of these servers is a repository mirror for both Ubuntu and Arch Linux (Tier 1), you may find it here: mirror.neuf.no.
I also make contributions to internal software.

Concert/event Photographer | Students' Photography Club (SFK)
March 2023 - d.d.
Photography of concerts and events on behalf of DNS and SFK, among which was the annual student festival (STUDiO) of 2023.

Exhibition Organizer | Students' Photography Club (SFK)
2023 april
Participation in planning committee, guerilla marketing (posters, distribution of flyers), photo printing.

EDUCATION

High School | Kongsberg
2019 August - 2020. June
Music, dance, drama. Main instrument: Guitar, Secondary instruments: Piano, Ableton
